

## KEEP YOUR MOTOR INVENTORY CURRENT. WE WORK. YOU TRACK

### INTRODUCING ONLINE MOTOR MANAGEMENT

Storing and keeping tabs on your products just got easier. Magneto Electric introduces our new portal that lets you track all testing and results 24/7!

Once you have a service quote, keep an eye on the products you have chosen to leave in our care. Let us do the maintenance while you monitor our hard work with any computer or smartphone.

## With the Online Motor Management, you can:

- ID/Tag motors on location

- Collect nameplate data

- Track motor location and status

- View motor maintenance history

- Attach pictures, videos, or other documents to each motor

- Keep/Print notes, logs, or electronic sticky notes about each motor

- Perform preventative maintenance

- Record results using our customized testing tab for each motor

- Print or send results to excel for graphing and charting

Get in touch with us today to get started!
